**1. Prices:**

All prices and notations must be in ink or typewritten. Mistakes may be crossed out and corrections typed or written with ink adjacent to the error. Bids shall indicate the unit price extended to indicate the total price for each item bid. Any difference between the unit price correctly extended and the total price shown for all items bid shall be resolved in favor of the unit prices. Bidders are encouraged to review all prices prior to bid submittal, as withdrawal or correction may not be permitted after the bid has been opened.

In the event of a decline in market price below a price bid, the City of Sparks shall receive the benefit of such decline.

**3. Items Offered:**

If the item offered by the bidder has a trade name, brand and/or catalog number, such shall be stated in the bid. If the bidder proposes to furnish an item of a manufacturer or vendor other than that mentioned on the face hereof, bidder must specify maker, brand, quality, catalog number, or other trade designation. Unless such is noted on the bid form, it will be deemed that the item offered is that designated even though the bid may state “or equal”.

**4. Brand Names:**

Whenever reference to a specific brand name is made by the City, it is intended to describe a component that has been determined to best meet operational, performance, or reliability standards of the City, thereby incorporating these standards by reference within the specifications. These specifications are not meant to limit the vendor; they are guidelines to minimum qualifications. The bidder shall indicate their compliance or non-compliance for each line of the specification. Any deviations from the specifications or where submitted literature does not fully support the meaning of the specifications must be clearly cited in writing by the bidder.

## General Conditions

---

An equivalent (“or equal”) may be offered by the bidder, subject to evaluation and acceptance by the City. It is the bidder’s responsibility to provide, at bidder’s expense, samples, test data, or other documentation the City may require to fully evaluate and determine acceptability of an offered substitute. - (b) If within seventy-two hours of the bid closing and prior to the issuance of a purchase order or a contract, the apparent low bidder discovers a mistake in bid of a serious and significant nature, bidder may request consideration be given to withdrawing the bid. The mistake must be evident and provable. The right is reserved by the City to reject any and all requests for withdrawal of bids. The decision of the Purchasing Manager is final as regards acceptance or rejection of requests for withdrawal after closing of bids.
- (c) A mistake in bid cannot be considered once a purchase order or contract is issued.

**9. Signature:**

All bids shall be signed and the title and firm name indicated. A bid by a corporation shall be signed by an authorized officer, employee or agent with his or her title.

**10. Exceptions:**

A bidder deviating from specifications must specify any and all deviation(s). Failure to note said exceptions shall be interpreted to convey that the bidder shall propose to perform in the manner described and/or specified in this bid solicitation. If exception(s) are taken or alternatives offered, complete descriptions must be shown separately.

**11. Confidential Information:**

Any information deemed confidential or proprietary should be clearly identified by the bidder as such. ---

**13. Litigation Warranty:**

The bidder, by bidding, warrants that bidder is not currently involved in litigation or arbitration concerning the materials or bidder's performance concerning the same or similar material or service to be supplied pursuant to this contract of specification, and that no judgments or awards have been made against bidder on the basis of bidder's performance in supplying or installing the same or similar material or service, unless such fact is disclosed to the City in the bid. Disclosure may not disqualify the bidder. The City reserves the right to evaluate bids on the basis of the facts surrounding such litigation or arbitration and to require bidder to furnish the City with a surety bond executed by a surety company authorized to do business in the State of Nevada and approved by The City of Sparks in a sum equal to one hundred percent (100%) of the contract price conditional on the faithful performance by bidder of the contract in the event the bid is awarded to bidder, notwithstanding the litigation or arbitration.

Unless otherwise specified, the bidder shall pay all royalties, license and patent fees. The bidder warrants that the materials to be supplied do not infringe any patent, trademark or copyright and further agrees to defend any and all suits, actions and claims for infringement that are brought against the City, and to defend, indemnify and hold harmless the City from all loss or damages, whether general, exemplary or punitive, as a result of any actual or claimed infringement asserted against the City, the bidder or those furnishing material to bidder pursuant to this contract.

**17. Warranties:**

(a) Unless otherwise specified, all workmanship, material, labor or equipment provided under the contract shall be warranted by bidder and/or manufacturer for a minimum of twelve (12) months after acceptance by City. Greater warranty protection will be accepted. Lesser warranty protection must be indicated by bidder on the bid proposal as an exception.

(b) Bidder shall be considered primarily responsible to the City for all warranty service, parts and labor applicable to the goods or equipment provided by bidder under this bid or award, irrespective of whether bidder is an agent, broker, fabricator or manufacturer's dealer. Bidder shall be responsible for ensuring that warranty work is performed at a local agency or facility convenient to City and that services, parts and labor are available and provided to meet City's schedules and deadlines. If required and defined within the Scope of Work, the Bidder will post a performance bond after contract award to guarantee performance of these obligations. Bidder may establish a service contract with a local agency satisfactory to City to meet this obligation if bidder does not ordinarily provide warranty service.

**18. Addenda:**

The effect of all addenda to the bid documents shall be considered in the bid, and said addenda shall be made part of the bid documents and shall be returned with them. Before submitting a bid, each bidder shall ascertain

## Scope of Work Public Outreach for the Comprehensive Plan Update

### Background

Sparks is approximately 36 square miles and has a population of 91,551 (Nevada Governor's population 2013 number). Sparks is situated in a high altitude, semi-arid valley which it shares with the City of Reno, located to the west. Sparks is connected to the western United States by U.S. 395, Interstate 80 and Union Pacific Railroad. Sparks is one of two incorporated cities within Washoe County. The two cities and the county have also formed a regional planning agency (Truckee Meadows Planning Agency). The City of Sparks utilizes a strong city manager form of government. The city manager reports to the mayor and a five member city council.

City of Sparks has initiated the preparation of a Comprehensive Plan to update and replace the current Master Plan. The City's Master Plan is not truly comprehensive but rather an assembly of individual master plan elements, adopted, mostly in the early 1990s. There have been amendments through the years; however, there has been no complete update.

City staff will undertake the update and write of the Comprehensive Plan. A key component of the plan is public outreach and engaging the citizens of Sparks. Another is involving all the City departments, not just Planning, so that there is organization-wide ownership of the Comprehensive Plan. The City's goal is a collaborative decision-making process, resulting in a better Comprehensive Plan that establishes policies for the City's operation that citizens and city employees can use to guide their decisions and development of the City.

A key component to this process is 'citizen participation.' The City envisions engaging the community using traditional community workshops, forming community stakeholders/advisory groups, working with city stakeholders and utilizing digital tools and media.

### Public outreach objectives include:

- A clearly defined process that identifies participants and their roles.
- A variety of ways to participate and interact with the City including face-to-face discussion and digital dialog/outreach.
- Obtaining public input at key points in the process so the community truly shapes the final plan.
- Engaging a representative cross section of the community, leadership and city departments.
- Create a shared community leadership understanding of the challenges, opportunities and priorities.

## Scope of Services

The scope for the public outreach process is anticipated to include, but is not limited to, the following tasks:

- **Step One – Plan for the Outreach Process:** work with City staff to establish the scope, methods and work plan for public outreach.
- **Step Two – Background Information and Inventory:** collect and review pertinent background information and applicable data to frame issues and visioning efforts.
- **Step Three – Identify Trends and Themes through On-line Engagement:** initiate the public outreach to refine the community's strengths and weaknesses.
- **Step Four - Turn Data into Community Visioning Scenarios:** conduct workshops with both the general public and stakeholders to gather ideas and identify priorities for the Comprehensive Plan.
- **Step Five – Assessment of Alternatives:** utilize digital and other tools to evaluate the proposed strategies and alternatives.
- **Step Six – Prepare of Comprehensive Plan:** summarize the public input, visioning and scenarios so City staff can prepare the final draft of the Comprehensive Plan.

### The consultant will be responsible to:

- Work with staff and key leaders on the scope and methods for public outreach.
- Create an outreach process which incorporates both digital and face-to-face participation.
- Analyze and summarize the information gathered from the outreach process.
