Re: Los Angeles County Contract

Dear Mr. Brant,

Solenis LLC is pleased to offer TRMWF the opportunity to “piggyback” onto our contract with Los Angeles County for our product Praestol K275FLX. This contract is currently in effect until the renewal date of November 30, 2016. As you can see, the pricing for this contract is for bulk shipments of 5,000 gallons from our Greensboro NC manufacturing facility. The price is \$1.8318 per lb active polymer, Praestol K275FLX is 46% active, therefore, the product price per lb is \$0.8426 including freight. Normal delivery lead time is 10-15 working days.

Note that Los Angeles County does not issue a contract per se, instead they issue a blanket po which has been previously forwarded to you.

We look forward to beginning our business partnership and working with you and your staff to optimize the use of Praestol polymers.

Thank you and should you have any questions please do not hesitate to contact me.

Sincerely,

Mark Wells
Authorized Agent
Solenis LLC
