Subject: **Proposal to Upgrade Pro-Watch Hardware**
Reference: RFI Proposal No. **450-1400227**

Dear Suey:

RFI is pleased to offer for your consideration the following proposal to provide the necessary equipment and labor to replace the existing Honeywell ProWatch Access Control System (ACS) hardware.

Our proposal is representative of the necessary skills and future responsibilities to effectively serve Truckee Meadows Water Reclamation Facility with the highest regard to quality in products and installation workmanship.

SCOPE OF WORK

RFI will provide and install the following equipment and services:

Replace existing ProWatch system with SoftwareHouse C-Cure 9000:

This option will replace the ProWatch software and majority of the ACS hardware. All card holder information and associated none hardware information must be manually programmed. RFI will be responsible for programming all hardware related programs. All other programming will be the customer's responsibility.

1. One (1) SoftwareHouse C-Cure 9000 Series N software licensed for up to 64 readers on a virtual machine meeting the system requirements.
2. Three (3) SoftwareHouse i-Star Edge two reader controller.
3. Two (2) SoftwareHouse i-Star Edge four reader controller.
4. Two (2) SoftwareHouse i-Star Pro sixteen reader controllers.
5. Twenty Nine (29) SoftwareHouse RM style multi-technology readers with keypads.
6. This upgrade will utilize all existing power supplies, locks, door contacts, request to exit devices and cabling.
7. One Hundred (100) 125kHz proximity cards for use with the new SoftwareHouse readers.
8. Labor to program new hardware into C-Cure 9000. All cardholder programming to be performed by the customer.
9. Labor to test and verify function of installed devices.

SCHEDULE OF VALUES

Lump sum price for the C-Cure 9000 software and hardware upgrade scope of work is:

Fifty seven thousand three hundred two and No/100 Dollars \$57,302.00

FOR TERMS AND CONDITIONS, WARRANTY, PAYMENT
Please reference State of Nevada RFP/CONTRACT #3047

CLARIFICATIONS

1. All work shall be performed during normal business hours (8:00 am to 4:30 pm) and normal working conditions.
2. RFI shall provide qualified supervisory labor at the job site. Idle time incurred by RFI employees due to absence of required escorts, clearances, inability to enter the workspace, or other factors beyond our control, shall be considered a change to the contract.
3. Customer shall provide access to all areas, including escorted areas such as computer, telephone, equipment and fabrication rooms.
4. All permits, licenses if required, and fees shall be obtained and paid for by others.
5. RFI assumes no responsibility for equipment supplied by others.
6. All new controllers will need a data drop within the enclosure. The customer is responsible for providing the required data drops.
7. This upgrade will utilize all existing power supplies, locks, door contacts, request to exit devices and cabling.
5. The SoftwareHouse RM reader will read the following card formats: ISO 14443 A/B, ISO 15693, iCLASS (SN only), MIFARE, DESFire®, FIPS 201 PIV II, and most 125 KHz formats (HID and CASI® ProxLite).
6. When possible RFI will utilize existing equipment enclosures to complete the project.

EXCLUSIONS

1. Bonds and Permits.
2. All 110VAC.
3. Network cabling, connectivity and cabling.
4. Server and client station PC hardware, software and configuration.

If applicable, RFI will install the Claris360™ remote system management agent onto your system at no additional charge for a period of 90 days from the date of installation. The Claris360™ agent will allow us to evaluate the overall performance of your equipment, provide recommended Windows OS patches and provide remote support/recommendation as necessary. Note: To take advantage of the Claris360™ agent, we will require an additional outbound network connection.

Thank you for the opportunity to submit this proposal. We look forward to building a trusted, long term business relationship. If you have any questions regarding this proposal or any other matter, please feel free to contact me directly at **775.852.3555**, via fax at **775.852.6633**, or via email at **hcho@rfi.com**.
