Subject: Estimate from R & C Valve Repair
Attachments: Est_7472_from_R__C_Valve_R.pdf

Robert,

Herewith the quote for the service visit. I will follow with another email on the parts. As for my labor, I will try to set up some customer visits on my return to LA and could possibly deduct sometime from the travel time. As for the parts quote, I will quote worst case. It will only be one quote and you will just need to times is by three. I would rather be high but, once all is said and done the final bill will be much lower.

Call me if you have any questions.

Regards,
Scott Anderson
