Sincerely,

Randy L. Canale
Training Coordinator

RLC/sds

To Whom It May Concern:

I have known Victor Martinez since he enrolled into the plumber / pipe fitters apprenticeship program in June 2007. All the contractors that I know that Victor has worked for have said what a great asset he has been. Since he has worked for QCS we've only seen good work ethics and workmanship. He has proven that he will become a valuable journeyman and foreman to lead others in the upcoming years. It is a great opportunity to work with Victor. He appreciates coming to work and gives a full day to his employer. These days it is difficult to find hard working people, but Victor is one you can count on to get the job done.

Yours Truly,

A handwritten signature in black ink, appearing to read "Monte R. McGinnis". The signature is fluid and cursive, with a long horizontal stroke at the end.
