Homeless encampments

Trash, used needles, human feces

Public trails and parks

Outdoor recreation for locals and visitors

Habitat and vegetation

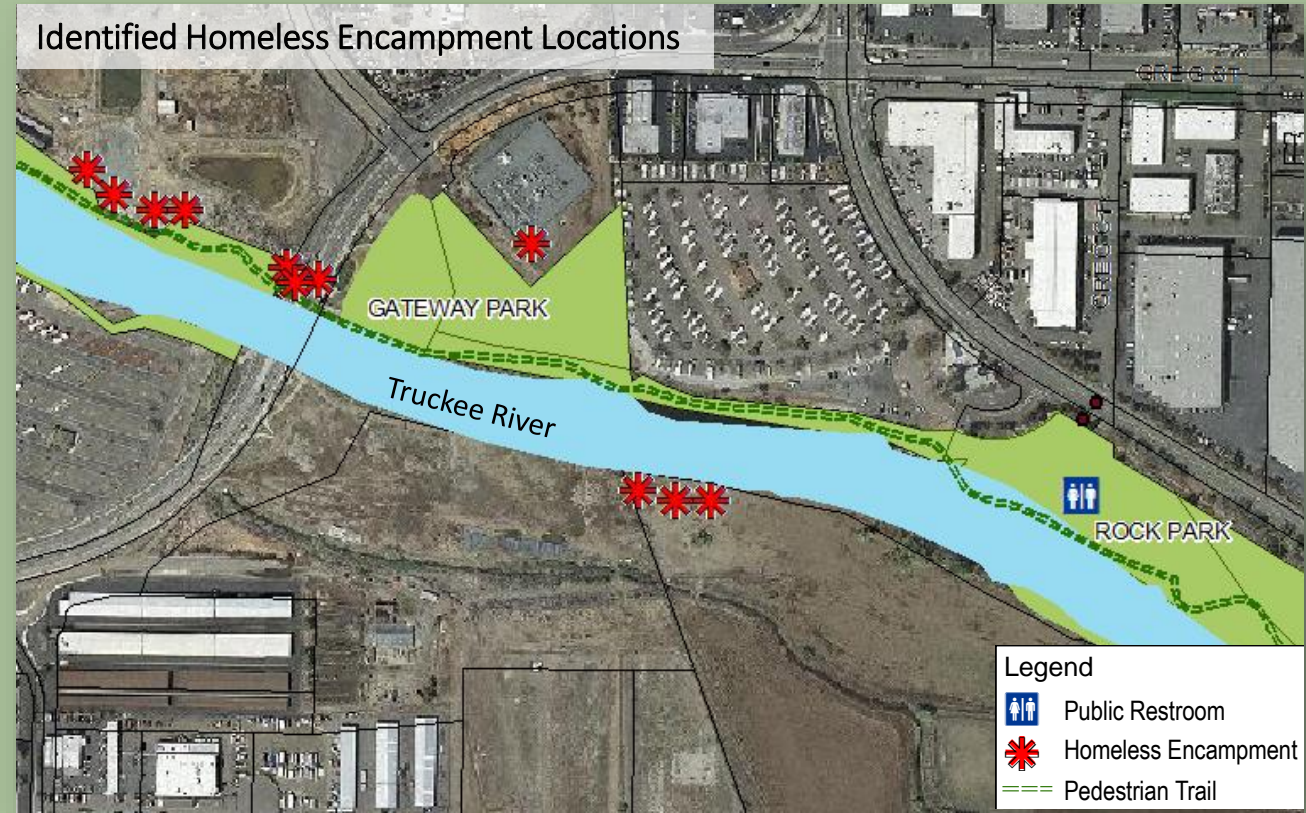

How is the City of Sparks impacted?

SHORT TERM ACTION ITEMS

- ❖ Coordinate homeless camp sweeps across jurisdictions
- ❖ Identify key locations for public restrooms and River access opportunities
- ❖ Coordinate more activities along the River to attract recreational users
- ❖ Develop a comprehensive GIS mapping system that identifies River constraints and opportunities

LONG TERM ACTION ITEMS

- ❖ Develop a Truckee River interpretive center
- ❖ Identify potential sources of funding and/or partnerships
- ❖ Identify opportunities, funding requirements, and ongoing management of acquisitions along the River corridor

Examples of short and long term action items

November 2015 - May 2016

- * Subcommittee meetings
- * Technical analysis
- * Prepare draft plan

June 2016

Open house and review of the draft *One Truckee River Management Plan*

August 2016

Adoption of the *One Truckee River Management Plan*

one truckee
river

What is the timeline and next steps?

A scenic view of a river flowing through a park-like setting. The river is clear and blue, surrounded by lush green trees and a paved path. The sky is bright blue. The text is overlaid on a semi-transparent white background.

“One Truckee River” is a collaboration of public and private partners working together to realize a Truckee River that flows clear and clean, quenches our thirst, sustains the river’s natural ecology, cultural resources and wildlife, and connects residents and visitors to unparalleled opportunities for recreation and regeneration.
