CHANGE IMPACT DETAILS

Project Impact to Quality, Cost, Schedule, Resources or Other:
 This change order will positively impact the project by providing continuity with work done to date and allows the current Accela resources to remain available for the duration of the project.

PAYMENT SCHEDULE

Accela will perform the Services on a monthly payment basis, as provided in this change order, and based on:

- The nature and scope of the Services and associated Deliverables as outlined in the attached Statement of Work Deliverables;
- Accela’s expected staffing requirements as outlined under change description;
- the approved project plan; and,
- Accela’s and Agency’s roles and responsibilities and the other assumptions set forth in the Statement of Work.

Monthly progress is monitored through and determined by the approved project plan dated January 11, 2016 and assumes all agencies are going live on August 22, 2016.

Should Accela fall more than five (5) business days behind the plan and deliverable progress based on the project plan’s critical path, the Agency may opt to withhold monthly payment until such a time as Accela has caught up on progress, providing that predecessor tasks assigned to the Agency are not responsible for the delay.

Should the Agency fall more than five (5) business days behind the plan and deliverable progress based on the project plan’s critical path, Accela and the Agency will assess the impact to the project end date and determine if an additional change order is required, providing that predecessor tasks assigned to Accela are not responsible for the delay.

~~Should Accela fall more than five (5) business days behind providing deliverables as scheduled in the approved project plan’s critical path, the Agency may opt to withhold monthly payment until such a time as Accela has caught up on progress, providing that predecessor tasks assigned to the Agency within the approved project plan are not responsible for the delay.~~

~~Should the Agency fall more than five (5) business days behind providing deliverables as scheduled in the approved project plan’s critical path, and deliverable progress, Accela and the Agency will assess the impact to the project go live date and determine if an additional change order is required, providing that predecessor tasks assigned to Accela are not responsible for the delay.~~

Accela’s total price to perform the Services and provide the Deliverables described in this change order is \$148,000.00 (“Fixed-Fee”). The Fixed-Fee price is based on the information available at the time of signing and the assumptions, dependencies and constraints, and roles and responsibilities of the Parties, as stated in the SOW (to include SOW deliverables as attached to this change order) and this change order. Invoices will be sent on the monthly anniversary of the contract signing and due at the end of each progress month.
