G. Previous Moving Payments	Notes
(a) Date (b) Amount	
(1)	<p>Cal Freight currently leases property located at 2090 Kleppe Lane. The North Trckee Drain Realignment Project has caused the business owner to temporarily relocate 12 large tractor trailer commercial vehicles off-site during the period of constrction of the improvements. As a result of this temporary relocation Cal Freight has incurred additional operating expenses they would not have during normal business operations, including off site parking lease and increased labor costs for drivers and mechanics travel time to the off site parking location. Cal freight maintains their operations office and maintenance facilites at 2090 Kleppe Lane, this portion of the business was not required to relocate during construction. If it is determined construction will last longer than the 5 months identified in this claim Cal Freight will be entitled to be compensated for each additional month they are displaced. This is the second temporary move claim for Cal Freight to cover additional expenses during June-October 2017.</p>
