Agenda item 4 . Daniel Purdy Brother of Thomas Purdy Murdered at county jail. I find it strange that up until George Floyd the commission was willing to pay out millions of dollars to loved ones that have been murdered at the hands of your police and county jail. There has been plenty of video and audio of the same thing happening to members of your own community and you stood by and did nothing and now all of a sudden you want to stand up and finally be the people of justice you're nothing but vote seekers And should be ashamed of yourselves if only poor people would go and vote you'd all be out of a job I will be in Reno Nevada in September I will make sure that I help feed the homeless and register people to vote I land September 5 I welcome any commissioner to come out on Labor day with me and feed the homeless let's see how much your community members really matter to you.

Please read onto the record for the 7/13/20 sparks city council meeting and confirm receipt of email.

Annemarie Grant for the record sister of Thomas Purdy hogtied and asphyxiated to death by Reno PD and washoe County sheriffs office. Both agencies were cleared of any wrong doing by Sparks police. Do we expect anything less when the 3 agencies rub elbows and investigate each other?

Kenny Stafford was killed 7/11/2013 by Sparks Police. Kenny was an Iraqi war veteran home on leave. Kenny experienced a PTSD crisis and was murdered by Sparks police. Kenny was a husband, son, brother, best friend, and a father to 3 young little girls! His wife has been left to navigate this world without his irreplaceable support and love.

Johnny Bonta was killed 10/22/2017 by 3 Sparks police officers in front of his wife and teenage daughter. Johnny was named deputy goodwill ambassador For Native Americans for the city of Reno. He was a Sundancer, an activist, a proud member of AIM, a husband, son, uncle, brother, a father and so much more to so many people.

Monica Ritchey was killed by Sparks police 10/13/2013 during a mental health crisis. Monica needing de-escalating. Instead like so many other community members in crisis in this county Sparks PD showed up guns blazing! They not only killed Monica but recklessly wounded her daughter!

So many more victims not enough time to speak their names and stories! Now imagine if were your family living this nightmare! Can you step down from your imaginary safe space and do that????

It's clear SPD's MO with community members in crisis is to immediately escalate the situation and kill those who need help not a body bag! Things need to change and quickly! Adding 3 million dollars to their budget isn't going to solve this problem! It's obvious you aren't listening to your constituents. The Consequence for that will be at election time.
