

Reno Youth Network

It can often be difficult to navigate through the realm of services in Washoe County. Doing a Google search can be useful, but the large amount of results can be overwhelming. Additionally, the results found on Google can be outdated or irrelevant to what you are seeking.

To make it easier to find up to date and relevant services for youth in need, the Community Foundation of Western Nevada created www.renoyouthnetwork.com, an online resource guide. The website has over 180 services and resources listed, but Reno Youth Network is designed so that you do not have to be an expert on every organization in Washoe County. Users of the website are able to narrow their searches by age, gender, and specific needs, so you only find services and organizations related to what you are seeking. This YouTube video explains more about Reno Youth Network and how you can use the website on a Smartphone:
