Subject: To be read into the record please.

City Clerk,

Please read into the record for me at the next Sparks City Council Meeting.

Dear Honorable Sparks City Council Members,

The citizens of Sparks respectfully request to know why the Washoe County Commissioner meetings and the Washoe County School District Board meetings allow for in person public comment, yet the Sparks City Council is still refusing to allow the citizens, (that actually reside IN Washoe County) to publicly comment at their meetings. Frankly, it gives the suggestion of impropriety by the Sparks City Council.

Sincerely,
Reva Crump
