**INFORMAL QUOTE
ALF SORENSEN DEHUMIDIFIER SITE WORK**

Unless indicated otherwise within the specific quote item as described in this section, the Engineer's estimated quantity as contained in the quote schedule shall be the final pay quantity. For quote items measured in lineal feet, the quantities are estimated by taking the horizontal projected lengths. For quote items measured in square feet, the quantities are estimated by taking the horizontal projected areas.

The Engineer's estimated quantity, as contained in the quote schedule, is based on the details and dimensions shown on the plans, and no guarantee is made that the quantity, which can be determined by measurements and computations, will equal the estimated quantity. No allowance will be made in the event that the quantity based on measurements and computations does not equal the estimated quantity.

In case of discrepancy between the quantity contained in the quote schedule and the quantity or summation of quantities for the same item shown on the plans, payment will be based on the quantity contained in the quote schedule.

If the quantity of a particular item of work is intentionally increased or decreased during construction, the final pay quantity of that item will be adjusted to reflect the change.
