

**INTERLOCAL COOPERATIVE AGREEMENT  
APPROVING RTC PROGRAM OF PROJECTS**

This Agreement is made and executed this \_\_\_\_\_ day of \_\_\_\_\_, 2017, by and between the Board of Commissioners of Washoe County, Nevada, hereinafter referred to as "County", the City Council of Reno, Nevada, hereinafter referred to as "Reno", the City Council of Sparks, Nevada, hereinafter referred to as "Sparks", and the Regional Transportation Commission of Washoe County, hereinafter referred to as "RTC".

**WITNESSETH:**

**WHEREAS**, on June 15, 2017, the RTC approved the FY 2018 Program of Projects listed on Exhibit A attached to this Agreement. Each project on Exhibit A is referred to herein as a "Project" and all of such Projects are collectively referred to herein as the "Projects".

**WHEREAS**, the Projects will require pavement maintenance, rehabilitation, reconstruction, new construction or engineering and environmental analysis, and may require the acquisition of real property through consensual agreements with the owners or through eminent domain proceedings; and

**WHEREAS**, pursuant to the requirements of NRS 373.140, NRS 377A.080 and the Regional Road Impact Fee (RRIF) Program, the County, Reno, Sparks, and RTC desire by this Agreement to authorize the Projects and to set forth each entity's respective responsibilities with respect to the Projects.

**NOW, THEREFORE**, pursuant to the provisions of NRS 373.140, NRS 377A.080, NRS Chapter 277A, and the RRIF Ordinances/Manuals, and in consideration of the mutual promises contained herein and for other good and valuable consideration, it is hereby agreed by and between the parties hereto as follows:

**I. APPROVAL OF PROJECTS**

A. Reno, the County and Sparks hereby approve each and every Project and authorize the RTC to design, survey, engineer, acquire through purchase or eminent domain real property for, and construct, each of the Projects. Approval for any Project for any fiscal year shall be approval for all continued work by or on behalf of the RTC on that Project for any later fiscal year.

The RTC may expend money from one or more than one of the Regional Street and Highway Fund (the "Fuel Tax Fund"), the Transportation Sales Tax Fund (the "Sales Tax Fund") or the Regional Road Impact Fee Fund (the "RRIF Fund") on each Project as listed on the column next to the Project on Exhibit A. The cost of each Project is estimated by the RTC as shown on Exhibit A. These costs are only estimates and the RTC may expend additional monies from any one or more of the Fuel Tax Fund, the Sales Tax Fund or the RRIF Fund on each Project as such additional expenditures are reviewed and approved by the RTC Staff and/or the RTC Board of Commissioners pursuant to the RTC's policies and procedures.

B. Reno, the County and Sparks hereby authorize the RTC to adopt an appropriate resolution of condemnation and initiate and prosecute to judgment such eminent domain proceedings as may be necessary for the acquisition of such property within their respective jurisdictions as the RTC deems necessary for the construction and/or maintenance of any Project and, if prudent, future expansions of each Project identified by the Regional Transportation Plan.

## **II. RTC DUTIES**

RTC agrees to perform the followings tasks and the County, Reno and Sparks hereby authorize the RTC to do so:

A. Provide all required services, including but not limited to design, environmental assessments and studies, surveying, construction engineering, construction management and quality assurance inspection, utilizing RTC staff and/or qualified consultants;

B. Obtain appraisal reports for any property being considered as necessary for the implementation of any Project and, if prudent, future expansions of the Project identified within the Regional Transportation Plan, conduct preliminary negotiations with the owners in an effort to arrive at a mutually agreeable purchase price and negotiate, execute and close contracts to purchase the property;

C. Offer not less than the appraisal value for the property and property rights deemed necessary for a Project and, where the prospect of reaching a mutually agreeable purchase price appears unlikely following reasonable negotiations, cause the RTC Board of Commissioners to adopt a "Resolution of Condemnation" finding that particular properties are necessary to the

success of a Project and authorize legal counsel to seek acquisition through eminent domain proceedings;

D. Coordinate all activities related to a Project including, but not limited to, advertising, receipt and review of construction bids, and execution of a contract with the contractor submitting the lowest responsive and responsible bid;

E. Maintain necessary files on each Project;

F. Pay all authorized Project costs from the Fuel Tax Fund, the RRIF Fund or the Sales Tax Fund. Payments for construction or engineering services will be paid to the contractor or consultant upon receipt of a claim or claims which have been certified as a true and correct account of the expenses incurred as a result of or in conjunction with the provisions of a contract entered into as a result of this Agreement. All submitted claims will have supporting documents attached which substantiate the basis of the claim. Such claim or claims shall be reviewed and approved in accordance with the policies and procedures of the RTC; and

G. Not permit the payment of non-reimbursable or non-payable items established by the policies and procedures of the RTC.

### **III. COUNTY'S, RENO'S AND SPARK'S DUTIES**

The County, Reno and Sparks shall do the following:

A. Cooperate with RTC and its consultants in all phases of each Project located within their respective jurisdictions;

B. Assist the RTC in communicating with the public regarding the Project(s) located within their respective jurisdictions;

C. Accept ownership of and maintain each Project located wholly or partially within their respective jurisdictions upon completion of construction;

D. Upon notification from the RTC, require utilities having franchise agreements that require relocation to relocate their facilities prior to award of the Project in accordance with the franchise agreement; for utilities that do not address the issue of relocation in the franchise

agreement, require relocation of the subject facilities prior to the award of the Project if state law provides authority to do so; and

E. Coordinate development and administration of the Project with the RTC.

This Agreement is effective from and after the date first above written.
