Dear JAG Sub-Recipients,

This e-mail is information regarding the 2017 Edward Byrne Memorial Justice Assistance Grant (JAG). In working with our State Policy Advisor at the Bureau of Justice Assistance, I have been informed that the state and local JAG awards should be announced by the end of October. Due to this unfortunate glitch, the Office of Criminal Justice Assistance (OCJA) is still waiting on the physical JAG award document which will need to be signed off by the DPS Director, once received. After all signatures have been obtained, OCJA will move forward and mail each agency their award.

In the meantime, sub-recipients can begin to incur costs starting October 1, 2017.

Thank you for your patience and if you have any questions please don't hesitate to contact your Grant Manager.
