

Proposed text for Distance Separation for Digital Signs from Residentially Zoned District

Based on the direction from the City Council Sign Alternative presentation on October 27th, staff is proposing the following distance separation from residentially zoned property for digital monument and freestanding signs. This regulation would be under the section of the Sign Code regarding Freestanding and Monument signs and the operation of digital signs. The Digital Sign section applies to the operation of all digital signs including special freestanding signs.

Section 20.56.170(F)

12. *The distance separation from any residentially zoned property shall be 300 feet. The distance separation shall be measured radially. The distance separation may be reduced to 150 feet if the digital sign is oriented away from the residentially zoned property.*
