Rental Quote

Customer Responsibilities: Equipment provided is fully serviced and checked out before shipment to customer's jobsite. Unless otherwise agreed upon, the customer is responsible for applicable routine maintenance, logging and proper application of the equipment. Excessive cleaning or repairs due to customer neglect will be charged to the customer. Customer must promptly report any and all equipment related problems. Customer is responsible for obtaining *any relevant operating permits*. Customer is responsible for secondary containment of hazardous materials relative to the generator set and fuel tank. Customer is also responsible for protecting their equipment from voltage and frequency surges from the generator set including generator set malfunction. *Neither Cashman Power nor its contractors/suppliers will be liable for any damages to the environment or any equipment due to equipment operation, malfunction, or failure.*

Fuel: The unit operates on #2 diesel fuel. Provision for fuel is the responsibility of the customer. If you need (additional) fuel at site, it can be delivered at a cost of **\$5.50 per gallon***. **Delivery of fuel must be scheduled 24 hours in advance of date and time required.** It is the customer's responsibility to return the unit fully fueled. There will be a charge of **\$5.50 per gallon*** if the unit is not fully fueled upon return from rental. **(Subject to change without notice)*

Damage/Theft: The customer is responsible for all damage to the equipment or theft of same, while it is on rent. Provision **must** be made for the security of the equipment at all times.

Insurance: Proof of insurance must be provided prior to delivery of equipment. **If we do not receive a binder back within three (3) business days, it will be necessary to charge you for Equipment Protection Plan (EPP) coverage in the amount of 15% (fifteen percent) of the applicable rental amount.** Contact Rental Coordinator at (702) 639-5032 or (775) 332-2411 if you have any questions regarding insurance coverage.

Although not shown, implied or estimated, applicable taxes will be charged unless Cashman Power is supplied with a tax-exempt certificate prior to the reservation of equipment.

Preventive Maintenance (PM): Customer is responsible for daily fluid checks (oil and coolant) of rental units. Scheduled maintenance is required every 250 hours of equipment operation (changing oil and all filters). You may do your own maintenance or contact us for price quote and scheduling. ****NOTE: There will be a PM Service charge if the unit is returned with more the 250 hours of run time and no PM service was completed. If not used for more than 250 hours of run time, there will be a pro-rated charge for per hour of run time.**

Quote is good for thirty (30) days from date above and is subject to equipment availability.

Thank you for the opportunity to quote your rental needs. Please call me if you have any questions.

Sincerely,

Rebel Hooper
