SCHEDULE A
DESCRIPTION OF PROJECT

PROBLEM STATEMENT:

Fatalities and injuries on Nevada's roadways continue to be a major concern for our citizens.

Safety belts are the single most effective way to reduce injuries and fatalities on our highways. Fifty-two percent of motor vehicle fatalities recorded on Nevada roadways in 2014 were not wearing safety belts. Despite public information and media campaigns, the 2015 daytime observational survey reveals 7.9% of drivers and front seat passengers still do not wear safety belts on a regular basis.

One fatality in every 3.12 motor vehicle fatal crashes in 2014 had alcohol involvement.

Speed is a contributing factor in one of every 2.91 motor vehicle fatalities. This costs society billions of dollars annually and dilutes the effectiveness of other priority traffic safety programs, including efforts to reduce impaired driving, distracted driving, increase safety belt use, and improve pedestrian and motorcycle safety. Speeding increases the severity of injury crashes.

Pedestrian fatalities continue to be a concern in urban Nevada. There was 1 pedestrian killed for every 4.04 fatalities recorded in 2014.

PROBLEM SOLUTION:

Law enforcement agencies in Nevada join forces to conduct high visibility enforcement of Nevada's safety belt, child passenger, impaired driving, distracted driving, speeding and pedestrian laws using federal grant funds provided by the Department of Public Safety, Office of Traffic Safety.

GOAL:

- Promote high visibility multi-jurisdictional enforcement of Nevada safety belt, DUI, distracted driving, pedestrian and speeding laws.
- Reduce the number of motor vehicle crash injuries and fatalities through public education, and high visibility enforcement efforts.
- To decrease unrestrained traffic fatalities from the 2012-2014 average of 61 to 58 fatalities for the 2014-2016 average by December 31, 2017.
- To decrease impaired driving fatalities 10% from the 2014 calendar year number of 93 to 84 by December 31, 2017.
- To decrease speed-related motor vehicle crash fatalities 3% from the calendar year 2014 number of 100 to 97 by December 31, 2017.
- To decrease pedestrian fatalities by 10% from the 2014 number of 72 to 65 by December 31, 2017.
- To decrease traffic fatalities by 7% from the 2012-2014 average of 271 to 253 by December 31, 2017.

OBJECTIVES:

- Decrease total roadway fatalities by half by 2030; this equates to a 3% per year reduction in numbers each year until 2030. (CY2014: 291. Goal for CY2017: 283).
- Decrease total roadway serious injuries by half by 2030; this equates to a 3% per year reduction in numbers each year until 2030. (CY2014: 1,209. Goal for CY2017: 1,173).
- Maintain observed safety belt use rate at or above 90%.

ACTIVITIES:

- **See Schedule B (Budget worksheet) with planned events.**
- All law enforcement agencies are required to report motor vehicle fatality data to Nevada's Fatality Analysis Reporting System (FARS) analyst at the Nevada Office of Traffic Safety, 4615 W. Sunset Rd, Las Vegas NV 89118, fax: 702-432-5377 or jgallagher@dps.state.nv.us
 - The data gathered by the States to perform FARS analysis is also used by the States when applying for federal highway incentive grants.
 - FARS data is the only census data of all fatal traffic crashes in the U.S. and it is used for many performance measure goals accepted by the States, NHTSA and Federal Highway Administration (FHWA).

NHTSA places the following requirements on the State Office of Traffic Safety to:

- ✓ Provide for the collection of specific data on all reportable traffic fatalities that occur within each jurisdiction (the fifty states plus the District of Columbia, and Puerto Rico);
 - ✓ Report basic information on every motor vehicle crash with reportable fatalities within specified time frames;
 - ✓ Report all required information on each such crash within a specified time frame and;
 - ✓ Encourage the use of the FARS data by members of the traffic and motor vehicle safety community as an important resource for decision making and policy development.
 - ✓ To ensure data currency, OTS must report basic information on each crash/fatality within two weeks of the crash/fatality; and to report on basic information on each crash/fatality during a holiday period within one day of the end of that holiday period. All data must be entered using the FARS microcomputer data entry (MDE) system within 90 days following the crash/fatality.
- All law enforcement agencies are required to send their motor vehicle crash reports per NRS 484E.110, et seq., electronically or manually to the Department of Public Safety/NCATS database, within 10 days after the investigation of the crash and as otherwise required by state law.
 - Hold a press conference or submit press release to local newspaper(s) detailing the program, funding source, goals and objectives and the probable outcome within 30 days of receipt of Authorization to Proceed (ATP).
 - Track, account for and report all in-kind contributions pertaining to this project. Vehicle operation and maintenance, in addition to officer and supervisor salaries/benefits when not in a grant overtime mode, are examples of in-kind contributions.
 - A minimum of one activity within the event must be worked with at least one other agency (co-op).
 - Deploy a minimum of 2 officers per site for a minimum of 2 hours. Exceptions can be made by the program manager if approved in writing prior to event. (Officers may be combined with other agencies to meet requirement)
 - A minimum of 2 self-initiated contacts (stops) per hour per officer are highly encouraged.
 - Complete a progress report and submit within 10 days after the end of each scheduled event.
 - Complete and submit a claim with a Payroll Certification Report and back-up documentation within 30 days after the end of each scheduled event.

ENFORCEMENT CRITERIA:

Selective Traffic Enforcement Programs (STEP) Requirements:

- Issue a media release describing the planned activity in advance of the effort. Must be pre-approved thru OTS-can be accomplished via e-mail.
- Base STEP activity on: Number and severity of crashes or violations during the past 12 months, types of violations leading to crashes, days of the week and times of day that crashes occur, as well as other pertinent data such as types of vehicles involved, driver ages, etc. Be prepared to provide documentation that supports the enforcement location.

Saturation Patrol Requirements:

- Issue a media release describing the planned activity in advance of the effort. Must be pre-approved thru OTS-can be accomplished via e-mail.
- Base Patrol efforts on: Number of related crashes during the past 12 months, number of alcoholic beverage outlets in the area, day of week and time of day that crashes occur, or other factors related to high visibility strategies. Be prepared to provide documentation that supports the enforcement location.

Checkpoint Requirements:

- Issue a media release describing the planned activity in advance of the effort. Must be pre-approved thru OTS-can be accomplished via e-mail.
- Conduct sobriety checkpoints in accordance with public law. Base location on number of alcohol related crashes during the past 12 months, number of alcohol beverage outlets in the area, day of week and time of day that crashes occur, or other factors related to high visibility strategies.

FUNDING: Also see Schedule B

- Your agency's schedule B of this Agreement is the projected events with budget amounts to be considered and performed contingent upon receipt of an Authorization to Proceed (ATP). Any changes to this schedule or budget must be pre-approved by your assigned Program Manager.
- Funding is specific for staff overtime for working directly on Joining Forces events.
- All enforcement events/activities are to be completed during the specific enforcement timelines unless prior arrangements are made with the Program Manager. Justifications and requests can be made via email.

CLAIMS:

- Claims with a Payroll Certification Report and back-up documentation must be submitted within the Nevada eGrants system within 30 days after the last day of the event. Claims and Progress Reports must reconcile in the number of officers, dates, hours, etc.
- Your agency is ultimately responsible for validating the claims and timesheets, verifying that those timesheets and statistics submitted to OTS for Joining Forces overtime events are correct and valid.

EVALUATION:

The Department of Public Safety, Office of Traffic Safety and the Grantee Agency will evaluate and review each event as they are reported. This evaluation will consider the observed statewide safety belt use rates, alcohol related fatality rates, as well as the enforcement efforts related to speeding and pedestrian concerns. Evaluation of all objectives and scheduled events, cooperation, and Joining Forces efforts with other agencies will be reviewed and considered.

An on site monitoring review may be conducted by OTS with the Project Director for any agency receiving \$25,000.00 or more, or at the discretion of the Program Manager or Highway Safety Coordinator.

1. No Federal appropriated funds have been paid or will be paid, by or on behalf of the undersigned, to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with the awarding of any Federal contract, the making of any Federal grant, the making of any Federal loan, the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment, or modification of any Federal contract, grant, loan, or cooperative agreement.

You may contact the person to whom this proposal is submitted for assistance in obtaining a copy of those regulations.
5. The prospective lower tier participant agrees by submitting this proposal that, should the proposed covered transaction be entered into, it shall not knowingly enter into any lower tier covered transaction with a person who is proposed for debarment under 48 CFR Part 9, subpart 9.4, debarred, suspended, declared ineligible, or voluntarily excluded from participation in this covered transaction, unless authorized by the department or agency with which this transaction originated.
