The presiding officer will enforce viewpoint neutral procedural rules to ensure orderly conduct during that portion of the Agenda set aside for Public Comment. In order to allow the City Clerk to properly document those individuals speaking to the City Council, persons desiring to address the Council shall first provide the City Clerk with a written request to address the Council so they may be recognized by the presiding officer.
Manner of Addressing the Council - In order to conduct orderly, efficient, effective and dignified meetings that promote a governmental purpose with a governmental process, public comment may address any agenda item or other public issue that the City Council has the authority to effectuate or exercise control over. Public comment on matters beyond the City Council's scope of authority, not relevant to Council business, does not invoke a governmental process nor serve a governmental purpose and is contrary to the effective, efficient and orderly business conducted by the Sparks City Council, is not permitted. When called by the presiding officer, each person addressing the Council shall step up to the microphone, give his/her name and limit the time of his/her presentation to three (3) minutes. All public comment remarks shall be addressed to the Council as a body, and not to any member thereof. No person, other than members of the Council and the person having the floor, shall be permitted to enter into any discussion, either directly or through the members of the Council. No questions shall be asked of the Council members, except through the presiding officer. Speakers shall avoid undue repetition of points previously presented to the Council.
Sound Amplification - The City of Sparks Provides sound amplification during its public meetings for the convenience of the speakers and the audience.
