City of Sparks
431 Prater Way
Sparks, NV 89432

Attn: Brian D. Cason S.E., P.E.

Dear Mr. Cason,

I am writing to provide a description of the status of the Alerton dealership in Nevada. Building Control Services (BCS) is the Alerton associate dealer for all parts of Nevada with the exception of Clark County. BCS is the only company directly authorized to sell, install, and service our products throughout this area.

As the Alerton associate dealer for this area, BCS has factory-trained personnel on staff, and has access to proprietary products and information that are part of the Alerton Building Management System. This training and the experience BCS has with the Alerton product line makes them an unparalleled provider of Alerton products and the services that support those products. Because of this authorization, any other firm performing services on Alerton products would void any warranties that apply.

Please let me know if you have further questions. I can be reached at (425) 869-8400 or Mark.behar@alerton.com. We appreciate your support.

Sincerely yours,

Mark Behar, PE
Regional Sales Manager
Alerton
